

Dear County Mayor, County Commissioners and Sheriff,

The Constitution of the United States clearly states that only Congress can create laws per Article One. Our leaders do not rule by edict and the Constitution cannot be suspended.

Many people in governmental power have immorally and illegally overstepped their authorities to demand the shutdown of many businesses, churches, and any gatherings of people in large groups. Hypocritically, other large stores have been allowed to function unimpeded while suffocating small business. It is time to stop this. It is time to end this destruction of Liberty in America.

Please urge all local, state and federal officials to nullify these illegal orders. We implore you as our elected officials and request your help.

We ask you to follow the example set forth by Chesterfield County, Virginia, and declare our County a First Amendment Sanctuary County.

We demand our local county elected officials and sheriffs adopt a written plan, according to the Constitution, and proclaim the locality or region to become a "First Amendment Sanctuary."

Amendment I

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

We plead for a draft resolution that demands the local governments interpose themselves between tyranny and the people they claim to represent.

We also ask that any agents of the Republic attempting to enforce unconstitutional and illegal orders be hindered and kept from violating the Constitution of the United States.

Sincerely,
